

Computer Science Courses that count toward General Education

*** This applies to students who are *NOT* Computer Science majors. ***

The Department of Computer Science offers the following courses which have been approved for General Education credit for students who are not Computer Science majors.

Course Number	Course Name	General Education Designation
CMPR 271	Computational Problem Solving for Engineers	Gen Ed Elective Mathematical Perspective
CSCI 101	Principles of Computing	Gen Ed Elective
CSCI 140	Computer Science for AP Students	Gen Ed Elective Mathematical Perspective
CSCI 141	Computer Science I	Gen Ed Elective Mathematical Perspective
CSCI 142	Computer Science II	Gen Ed Elective Mathematical Perspective
CSCI 242	Computer Science for Transfer Students	Gen Ed Elective Mathematical Perspective
CSCI 262	Introduction to Computer Science Theory	Gen Ed Elective
CSCI 263	Honors Introduction to Computer Science Theory	Gen Ed Elective
CSCI 320	Principles of Data Management	Gen Ed Elective Scientific Principles Perspective
CSCI 420	Principles of Data Mining	Gen Ed Elective Scientific Principles Perspective
