

The graph illustrates a complex molecular structure with the following components:

- Atoms:** N₁, O₂, O₁, O₃, SW₁, O₄, H₁, N₂, C₁, H_{2_1}, N₃, and F₁.
- Bonds:** Most connections are labeled "Single", indicating single bonds between the atoms.
- Structure:** The graph shows a central cluster of atoms (N₁, O₁, O₃, SW₁, O₄) connected to a chain of atoms (H₁, N₂, C₁, H_{2_1}, N₃), which is further connected to a ring-like structure on the right (N₃, F₁, and several unlabeled nodes).
