

The diagram illustrates a complex chemical structure, likely a protein-ligand complex or a large organic molecule. The structure is composed of several interconnected rings and chains, with atoms labeled as follows:

- Nitrogen (N):** N_1, N_2, N_3, N_4, N_5
- Oxygen (O):** O_1, O_2, O_3, O_4, O_5
- Carbon (C):** C_1H_3_1, C_2H_3_2
- Hydrogen (H):** H_1O_3

Each bond between atoms is explicitly labeled "Single", indicating a single covalent bond. The structure shows a high degree of connectivity, with multiple rings and a complex branching pattern. The labels are placed near the corresponding atoms, and the bonds are represented by straight lines.
