

The graph illustrates a complex molecular structure with the following components and connections:

- Atoms:**
 - Nitrogen (N): N₁, N₂, N₃
 - Carbon (C): C₁H₁, C₂H₂, C₃H₃, C₄H₄, C₅H₅, C₆H₆
 - Oxygen (O): O₁, O₂
- Bonds:**
 - Single bonds are explicitly labeled throughout the graph.
 - The structure features a large, interconnected network of single bonds forming multiple cycles and paths.
