

ORTEP diagram of the molecular structure of 2,2,4,4-tetrahydro-1,3-dioxane-5,6-diol. The structure shows a six-membered ring with two hydroxyl groups at positions 5 and 6. The atoms are labeled with numbers and element symbols (O, N, C, H). The diagram includes bond lengths and angles, and the title is 'ORTEP diagram of the molecular structure of 2,2,4,4-tetrahydro-1,3-dioxane-5,6-diol'.
