

The graph displays a complex network of 41 nodes, each labeled with a unique identifier (e.g., 1_3, 10_3, 20_4, 30_5). The nodes are interconnected by edges, many of which are labeled with terms such as 'Single', 'SW_1', 'H_D_3', and 'O_2'. The network is highly interconnected, featuring a central dense cluster of nodes and a large number of cycles. The edges are represented by thin black lines, and the labels are in a standard black font.
