

The graph illustrates a complex molecular structure with the following components:

- Atoms:** Labeled with IDs such as 0_1, 1_1, 1_6_2, 19_2, 23_2, 22_3, 21_13, 20_3, 18_2, 15_2, 14_2, 13_3, 12_5, 11_4, 10_2, 7_1, 8_1, 9_1, 4_1, 5_1, 6_1, 3_1, 2_1, and O_1.
- Bonds:** Most are labeled "Single". Other labels include "SW_1", "SW_2", "H_10_3", "O_4H_2", and "O_6".
- Structure:** The graph is a single connected component with many branching points, forming a complex, non-linear network.
