

The graph consists of 35 nodes and a large number of edges, all labeled 'Single'. The nodes are distributed across the image, with a higher density in the center and left side. The labels for the nodes are as follows:

- 0_1, 1_1, 2_1, 3_2, 4_2, 5_1, 6_1, 7_1, 8_1, 9_1, 10_2, 11_8, 12_3, 13_6, 14_3, 15_3, 16_2, 17_2, 18_2, 19_2, 20_3, 21_14, 22_7, 23_9, 24_4, 25_4, 26_3, 27_3, 28_3, 29_3, 30_4, 31_2, 32_2, 33_8, 34_1, 35_2

The edges are labeled 'Single' and connect the nodes in a complex, interconnected manner, forming a large, dense network.
