

The graph illustrates a complex molecular structure with the following components:

- Atoms:** Labeled with names and subscripts: O_1, N_1, Si_1, S_1, O_2, N_2, N_3, O_3, O_4, and S_2.
- Bonds:** Most connections are labeled "Single", indicating single bonds between the atoms.
- Structure:** The graph is highly branched and contains several cycles. It starts with a chain of three "Single" labels on the left, which connects to a network involving O_1, Si_1, and N_1. This network further branches out to include O_2, S_1, N_2, N_3, O_3, O_4, and S_2.
