

The diagram illustrates a complex network structure, likely representing a molecular or biological system. The nodes are labeled with chemical symbols and subscripts, indicating different types of atoms or functional groups. The connections are represented by dotted lines, suggesting interactions or bonds between the nodes. The network is highly interconnected, with many nodes labeled 'Single' and several nodes labeled with specific identifiers like H<sub>4</sub>, C<sub>4</sub>, SW<sub>1</sub>, O<sub>2</sub>, O<sub>3</sub>, O<sub>4</sub>, and H<sub>5</sub>.
