

The graph illustrates a complex molecular structure with the following labeled atoms and their connections:

- Atom N₁** is connected to O₁, H₃₁₁, and H₃₁₂.
- Atom O₁** is connected to N₁ and H₃₁₁.
- Atom H₃₁₁** is connected to N₁ and O₁.
- Atom H₃₁₂** is connected to N₁ and S₁.
- Atom S₁** is connected to H₃₁₂, H₃₁₃, and H₃₁₄.
- Atom H₃₁₃** is connected to S₁ and H₃₁₄.
- Atom H₃₁₄** is connected to S₁ and N₄₆.
- Atom N₄₆** is connected to H₃₁₄ and N₅.
- Atom N₅** is connected to N₄₆ and N₆.
- Atom N₆** is connected to N₅ and N₁.

The graph also includes several unlabeled atoms and their connections, forming a complex network of single bonds. The connections are labeled "Single".
