

The graph illustrates a complex molecular structure with the following components and connections:

- Left Cluster:** A chain of atoms including H_3C_1 , O_3 , O_1 , O_2 , and H_3C_2 , connected by single bonds.
- Central Cluster:** A large, dense network of atoms including N_1 , N_2 , O_5 , O_6 , O_7 , O_8 , O_9 , O_{10} , O_{11} , and H_3 . This cluster features multiple interconnected rings and a central region with high atom density.
- Right Cluster:** A smaller network of atoms including $C_{4_3_3}$, $C_{4_3_4}$, $C_{4_3_5}$, and O_{11} , connected by single bonds.

All connections are labeled as "Single" bonds.
