

Chemical structure of N-methyl-4-oxo-4-(3-oxo-1-phenylpropyl)butanamide. The structure shows a butanamide chain with a methyl group on the nitrogen and a 3-oxo-1-phenylpropyl group at the 4-position. The atoms are color-coded: Carbon (blue, green, red, orange, yellow, light blue), Oxygen (dark blue), Nitrogen (red), and Hydrogen (green). The x-axis represents the atom index from 0 to 3500.
